PART VI

PUBLIC ADVERTISEMENTS

OFFICE OF THE PUBLICITY OFFICER TO THE GOVERNMENT OF MYSORE, PUBLIC OFFICES, BANGALORE.

Dated 20th June 1949.

Press Note.

Government, in their Notification, dated 4th April 1949, had directed the lifting of the ban on the export of potatoes from the State temporarily till the end of May 1949 with a view to relieving the hardships caused to the growers.

After further consideration of the question, Government have directed that the ban on the export of potatoes imposed under Notification, dated 17th December 1948, be withdrawn with immediate effect.

(P. N. No. 887—20-6-1949—XXX 3,801—900).

Dated 18th June 1949.

Press Note.

Owing to the failure of rains in 1948–49, the undermentioned six tanks of Gudibanda Taluk did not receive adequate water and the wet crops cultivated on the atchkat lands under the said tanks suffered consequently:—

1 Somenahalli Chikkere	2 Chitravati Nala.
3 Chintalakuntekere	4 Katenahallikere.
5 Gowdanakere	6 Kammadikere.

Government are, therefore, pleased to sanction seasonal remission of half wet assessment, amounting to Rs. 1,065 in respect of the said lands measuring 448 acres 8 guntas under the said tanks for the year 1948-49.

(P. N. No. 333—18-6-1949—XXX 3,401-3,500).

Press Note.

On account of the supply of scanty water to the 361 tanks in Mulbagal Taluk, due to inadequate and unevenly distributed rainfall, and consequent failure of wet crops on the lands measuring 8,274 acres 38 guntas under the atchkats of the tanks referred to above during the year 1948--49, Government are pleased to sanction the seasonal remission of half wet assessment in respect of the above tanks for 1948-49. The aggregate sum to be remitted is Rs. 22,400.

(P. N. No. 334—18-6-1949—3,501-3,600).

Press Note.

On account of the failure of the wet crops cultivated on the atchkats under the 292 tanks in 187 villages in Srinivaspur Taluk, owing to scanty rainfall in the current year 1948-49, Government are pleased to sanction the seasonal remission of half wet assessment in respect of the atchkat lands under the above tanks for the year 1948-49.

The aggregate amount to be remitted is Rs. 17,000.

(P. N. No, 335—18-6-1949—3,601-3,700).

Press Note.

Consequent on the failure of wet crops cultivated on the lands forming the atchkats of 196 tanks in Bowringpet Taluk, which did not receive adequate supply of water due to failure of rains in 1948-49, Government are pleased to sanction the seasonal remissions amounting to Rs. 12,400 in respect of the said atchkat lands under 196 tanks for the year 1948-49.

(P. N. No. 336—18-6-1949—3,701-3,800).

LABOUR INFORMATION SERVICE.

e Employment Exchange (No. 3, Lady Curzon Road, alore) has been as usual earnestly endeavouring to serve mployers and the employment seekers in meeting their ctive wants. The figures relating to employment seekers placements for the month of May 1949 as well as ncies reported and persons submitted for employment as ared with those for April differ appreciably. The ber of placements registered a fall by 44. Whereas for nonth of April, it was 90, it was 46 for May, comprising Ex-servicemen, 21 women, 19 others.

e number of persons submitted for employment was 336 ng April and 479 during May. This latter figure com- s of 170 Ex-personnel and 309 others. Perhaps with a ier measure of co-operation by the employers, the result d have been more satisfactory.

against 1,145 employment seekers during April, there 871 during May, out of whom 161 were Ex-servicemen, omen and 679 others.

The number of vacancies reported from employers was 186 during the month under review comprising of 171 from Government Departments and Concerns and 15 from private parties.

The number of persons on the Live Register at the end of the month was 12,389, out of which 3,310 represented Ex-servicemen and the rest others.

The potentialities of the Employment Exchange in helping to organize profitably and purposefully the man-power available are immense. Apart from the limited function of placement, it opens out a vista of possibilities for organizing the entire economy of the nation on the basis of man-power potentialities. Further, it provides useful information to all employers about their man-power requirements which no other Institution can do as comprehensively. It is hoped that the fullest use of the organization will be made by the employers, for, on their co-operation depends not only their well-being but also that of the State.

Press Note.

Dated 21st June 1949.

There appears to be some misapprehension in the minds of the public that fresh bus services are being granted by the ore Traffic Board merely on the presentation of applications. Government would therefore like to clarify the position.

In the Press Note issued on 22nd April 1948, it was stated that in pursuance of the Scheme of Nationalisation of Road sport in the State, Government had decided as a first step to take over all or at least some of the bus services running at ent between Bangalore and other places in the State. In accordance with this decision of Government, the owners of s who have been running their services to and from Bangalore were requested to surrender their lines and to select native lines in lieu thereof, if so desired, as Government thought that the stopping of their services which have been ing from a very long time would hit them hard.

Government are glad to note that there has been ready response to this request. Many bus owners have come forward to erate with Government in implementing the Scheme of Nationalisation and offered to surrender their existing services hing Bangalore. A list of bus owners who have so far surrendered their existing bus lines between Bangalore and other es and who have been granted alternative bus lines is noted below.

OFFICE OF THE MANAGER, GOVERNMENT EXPERIMENTAL FARM, BABBUR.

Notification No. 1, dated 16th June 1949.

1 Sealed tenders for the supply of the undermentioned Feed and Miscellaneous articles to the Government Experimental Farm, Babbur, Hiriyur. about 3 miles from Hiriyur and 28 miles from Chitaldrug Railway Station, during 1949-50 will be received in the Office of the Assistant Director of Agriculture, Chitaldrug Circle, Chitaldrug up to 3 P.M. on 18th July 1949.

2 The tender should be superscribed "Tender for the Supply of Feed and Miscellaneous articles to the Babbur Farm" and the rates offered should be for a maund of 28 lbs. and per palla of 100 seers and per unit shown in the list of Miscellaneous articles including the cost of delivery on the Farm.

3 The tender should be accompanied by an earnest money of Rs. 100 either in cash or Treasury duplicate chellan sent in token of having credited the amount to a Mysore Government Treasury.

4 The acceptance or rejection of any tender rests with the Director of Agriculture in Mysore, Bangalore, whose decision will be final in the matter without assigning any reason therefor.

5 The earnest money of the successful tenderer will be retained and that of the unsuccessful tenderers will be returned at their cost on receipt of the orders from the Director of Agriculture for acceptance or otherwise. The earnest money so retained will be adjusted towards cash security to be furnished by the successful tenderers in fulfilment of the contract.

6 The successful tenderer will be required to execute the Agreement on a 12-anna stamped paper and must deposit a cash security of one fifth value of the articles to be supplied by him within a week from the date of acceptance of the tender.

7 The contract will be in force for about 10 months, *i.e.*, up to the end of June 1950.

8 The tenderer should agree to supply the articles whenever an indent is placed with him. If the tender contractor fails to comply with the indent or if the supply made by him is not approved by the Farm Manager for their quality, he must take them back at his own cost and arrangements made to supply fresh articles and if not, the articles required will be purchased in the open market at his risk and the contractor is bound to make good the loss incurred thereby.

9 The articles should be delivered on the Farm and the articles delivered must be pure and free from mixture. The weights and measurements of the Farm must be accepted as correct.

10 The quantity mentioned in the schedule is only approximate and cannot be guaranteed and in case more quantity is required the tenderer is bound to supply them at the tender rates.

11 Failure to comply with any of the conditions on the part of the successful tenderer will entail not only the cancellation of his tender, forfeiture of the amount deposited by him, but he will also be liable to make good any loss incurred by the Government by calling fresh tenders or to purchase the articles in the open market.

Press Note.

Dated 29th June 1949.

HEALTH OF LIVE-STOCK DURING MAY 1949.

The total number of villages in the State that were infested by various contagious diseases such as Blackquarter, Anthrax, Foot and Mouth, Hæmorrhagic Septicæmia, Sheep-Pox and Contagious Pneumonia was 490 during May 1949, as against 423 villages during the previous month. The number of outbreaks and the severity of infestation were highest in Bangalore and Mysore Districts, compared with Chikmagalur and Mandya Districts, that were least affected. The state was conspicuously free from Rinderpest during the month.

A total of 1,759 attacks with 1,195 deaths from the above various contagious diseases was reported, as against 2,701 attacks and 1,120 deaths during the previous month.

The Department undertook 33,003 preventive inoculations and vaccinations against the several contagious diseases as against 86,212 inoculations and vaccinations during the previous month.

The prevalence of diseases due to Helminthic infestations was reported from 155 villages, the largest number of villages being from Malvalli Taluk, accounting totally for 51 deaths. The special staff attached to the Parasitic disease control units dosed 13,966 animals. In addition, this special staff also treated 317 animals for various ailments and castrated 204 Scrub bulls and other animals during their visits to the several villages.

Press Note.

The stirring appeal which the Hon. Prime Minist of India recently broadcast to the nation regarding th seriousness of the food situation and how the problem ha to be tackled, as it were, on a war footing, is within th knowledge of all. As declared by the Hon. Prim Minister, "it is a war in which every citizen can be a soldie and can serve his or her country. All of us will have t work hard and all of us will have to tight n our belts." I Mysore these urgencie have been engaging the anxiou attention of the Government for the past several month The measures which have been and are being adopted fo increasing food production in the State are well known an have been given due publicit at various times. What i more, they have been effectiv Apart from the increase o food production, economy an conservation of the ex stin resources are just as i rtant. The Hon. Prim

416

-nister has stressed the paramount necessity of reducing , consumption of rice in the country. The imports of rice ve increased in alarming proportions since 1945, until now ıy are over ten times of what they were in 1945. As nted out in the broadcast, it is astonishing that we should so prodigal in our consumption of rice when every ısideration demands that we should reduce it. A special peal is addressed to those for whom rice is the principal ıt, that they should reduce their consumption a little and ke to other foods, and that this can hardly be called a rifice, because so very little is given up.

It was in view of such considerations that the Government ısidered it necessary to introduce the austerity measures ce again in Mysore as long back as January 1949. In this atter of the re-introduction of stringent controls, Mysore s perhaps been ahead of other units. It has sometimes en complained that there are more food restrictions in ysore than in the neighbouring Provinces. In the light of e situation envisaged in the broadcast, this is, if at all, an cess in the right direction. The rice ration in Mysore even rice eaters is only 6 ozs., which is the lowest in any rice ing area. The recent orders promulgated completely ohibiting the preparation of popular items like Idlis and ısais in hotels and restaurants were dictated by the inexor- e logic of facts, as these were proving an avoidable drain the slender rice resources of the State. No doubt, for e time being, the restrictions will be felt as an inconveni- ce. But we have to get used to it. In the words of the on. Prime Minister, "it is absurd for any one to say at he cannot vary his food habits by a little, whatever may ppen to the country; if we do not vary these habits a little may have to vary them much more by force of cumstances whether we like it or not." The Government uld therefore earnestly appeal to all sections of the public co-operate with them in economising the food resources of e country and above all in reducing the consumption of e. The only way to do this is by the strict observance of e austerity orders in the letter and in the spirit.

Press Note.

In April 1947 certain rules were prescribed regulating the future supply of teakwood to public institutions, etc., since teak was, and continues to be, in short supply and the supplies have had to be regulated with due regard to the requirements of Government Departments. As the order now stands, private individuals cannot get their supplies of teak even for legitimate purposes from any of the Government Depots. This has necessitated their obtaining their requirements of teakwood from sources other than Government Depots at rates higher than scheduled rates. In order to put down timber smuggling and help the public to get their requirements of teak for *bona fide* purposes, such as construction of houses, etc., at reasonable rates, Government have passed orders revising the existing rules to the extent of permitting sales, at the local Government Depots, of teak to the public up to 150 or 200 C.ft. at scheduled rates, subject to the production of approved plans and building licenses.

Report on the working of the Anti-Corruption Branch during the year ended June 1949.

At the commencement of the year under report enquiries were on hand in respect of 129 petitions. During the year as many as 552 petitions were received in the Branch. Out of the total number of petitions received, 425 petitions were released for enquiry during the year. 202 of these containing allegations of a less serious nature and generally made against village officers and other local officials were referred to the concerned departmental officers for necessary action. Among the other petitions enquired into, the allegations made in 60 instances were found to be either false or incapable of proof; and investigations in respect of 21 cases in which the allegations were proved, resulted in 6 Government servants being dismissed, 4 reduced, 3 reverted, 5 fined and 10 warned. In the case of 16 officials, promotions to next higher grades were deferred. The licenses of three merchants and the quota of steel in respect of one merchant were cancelled while six merchants were convicted and sentenced by Courts of Law for black-marketing in articles like iron, cement, kerosene, etc.

Eleven cases of black-marketing involving 17 persons in which prosecutions have been launched are pending trial in Courts of Law.

In 17 cases, preliminary enquiries have either been completed or orders of Government are pending in respect of 3 Assistant Commissioners, 2 Amildars, 1 Medical Officer, 1 Executive Engineer, 2 Assistant Engineers, 2 Auditors, 1 Sub-Assistant Surgeon, 1 Agricultural Inspector, 1 Electric Line Inspector, 1 Sub-Inspector, 2 Revenue Inspectors, 3 Sub-Overseers, 2 Accountants, 1 Clerk and 1 Station Master.

BODY

Main Construction :—Main framing to be of mild steel angles and flates electrically welded together and timber filled to take exterior and interior panels. Exterior sides and rear panelled with suitably thick mild steel sheets and covered at joints with attractive metal mouldings.

Body to be built over rear axle, etc., so that the overhaul height of the vehicle is kept at the minimum—providing a clearance of 6'—3" height between the inside floor and the ceiling. Inward projections of the rear wheels to be suitably covered to provide for tool box or the like.

Roof :—Doomed roof and shaped corners panelled with mild steel sheets. The main roof may be built of tongued and grooved boards. A luggage carrier to be provided on the roof, with a ladder at the rear.

Doors and windows :—Two full doors to the front, the one on the left to give access to the rear seat also with wind-up windows (glass panelled), one full door with glass windows at the rear hung on strong hinges with buffers and handle, etc. A folding step for access, to the van to be fitted at the rear. The front doors to be provided for locking inside and the rear one outside. The rear compartments to be provided with rectangular wind-up glass windows on either side.

Floor and Interior :—May be of venteak boards and non-skid strips screwed down to cross-bearers and covered with linoleum.

A partition between the second row and inside compartment with a door for access is necessary. Against this may be built a long rectangular box with lid so that when closed will act as an additional bench seat complete with cushions.

The front and rear seat to be placed back to back, with a clearance on the left, so that access to both can be had from the common front door on the left.

The whole of the interior to be lined with Masonite sheet and made thoroughly dust-proof-padded cushions and back rests to be neatly upholstered in leather.

Two long detachable seats to be provided inside the compartment on either side.

Three interior lights with ornamental shades, etc., to be provided with independent control switches (two for the compartment and one for the front seat).

Painting:—Sprayed in two colours—shades will be specified on production of shade-card. Normal lettering and monogram to be included.

Other details :—Mast aerial insulators, connectors and other accesories to be mounted on the body, which will be supplied by the Institute shall be fixed during body building.

A drawing to be furnished on the above lines. The location of the abovementioned fittings will be marked in the same and returned for guidance.

Stepney carrier to be provided suitably outside the vehicle.

Note.—1 The quotation should hold good for any minor incidental alterations.
2 Body building and mountings specified above may be done in close consultation with the undersigned.
3 The entire finish should be noiseless, leak and dust-proof.

Press Note.

Dated 11th July 1949.

United Nations' Appeal for Children, Indian National Committee, has, in consultation with the Government of India, decided to hold 'Children's Day' throughout the country on 30th July 1949 with the idea of rousing the interest of the people to children's needs and ensuring larger collections from the public.

It is proposed to hold a similar "Children's Day" in Mysore State for the purpose on 30th July 1949. In order to work out the procedure for the appeal and method of collection, Government have appointed a Committee consisting of the following personnel:—

1 The Director of Public Instruction (Chief Organiser and Chairman).
2 The Chief Scout Commissioner.
3 The Director of Public Health in Mysore, Bangalore.
4 The Senior Surgeon in Mysore, Bangalore.
5 The Commissioner for Rural Development in Mysore, Bangalore.
6 The Deputy Commissioner, Bangalore District (Urban).
7 The Deputy Commissioner, Bangalore District (Rural).
8 Secretary, Indian Red Cross Society, Mysore State Branch (Headquarters Assistant to the Director of Public Instruction as Secretary of the Committee).

It is earnestly hoped that all officers of Government and non-officials will take a keen interest in the matter and see that donations and collections are made for the purpose in a manner befitting the objects of the appeal from the Indian National Committee.

TREE PLANTING.

The existence of a large number of fruit, manure yieldi and fuel trees on lands and roads in the State is calculated increase the wealth of the country apart from utilitarian valu in providing shade to the travellers and protection to t cattle and the yield they afford in regard to food. Tr planting was being encouraged from time immemorial on t above score and the existence of a large number of aven trees all along the high roads is the direct result of the cum lative efforts made by the Government and the people for age

'or some reason or other this important duty has been lected as a result of which the number of trees have ndled and there has been scarcity for fruits, fuel and even nure. The need for having an intensive drive for tree-nting cannot therefore be over-emphasised. It is usual to e the opportunity of important and auspicious occasions ,His Highness' Birthday and Independence Day and to have ensive planting on such occasions.

These ceremonial days fortunately occur between July and gust during every year and the period covered by these nths is most suited for undertaking an intensive drive in e-planting, since almost all parts of the State will have ns during this period.

Government therefore make an earnest appeal to all people l local bodies such as the Village Panchayets, Municipali-s, District, Sanitary and Town Boards and the Rural Deve-ment Committees to have an intensive tree-planting drive ring this period and to arrange for maximum number of es being planted on the 16th July 1949 and 15th August 49 which days happen to be the Birthday of His Highness Maharaja and the Independence Day, respectively.

As far as possible, fruit and manure yielding and fuel es may be planted all along the roads, vacant sites, burial unds, compounds of buildings and also on *hiduvali* lands. The required quantities of seedlings and plants can be had indents from the officers of the Forest and Revenue Depart-nts at District Headquarters.

It is also requested that effective arrangements may also be de for the proper upkeep of the trees planted.

Government have sanctioned a sum of Rs. 10,000 (Rupees thousand) during the current year for this purpose out of Rural Development Funds.

Press Note.

Dated 12th July 1949.

With reference to an unsigned article which was published one of the local papers on the 17th June 1949, alleging egularity in dealing with stocks of Bengalgram in Shimoga strict, the following facts are given for general information :—

Towards the end of November 1948, an allotment of 4,000 s of Bengalgram was made to the Mysore State by the ntral Government from the East Punjab State's, Union and ormation regarding rates and other details were secured by out the middle of December. An Officer of this Govern-nt was then deputed to the Punjab to supervise despatches. e quota was distributed to various districts out of which imoga District got 350 tons. It is to be noted that the pply was from the Punjab and not from Hyderabad as ted in the article. Actual despatches could only commence about the end of March 1949 and the Mysore Representa-e reported that the quality of gram intended for export was t quite good. The State Government moved the Govern-nt of India for stopping despatches until after inspection, t the terms of supply stipulated that no gram allotted for port could be rejected solely on the basis of bad quality but at, however, a rebate would be allowed on schedule prices on count of any deficiency in the quality of gram supplied. e quality of the gram imported formed the subject of dis-ssion at a meeting of the Deputy Commissioners held in ril 1949, and in view of the poor quality of gram received, was decided that the stocks so imported should be put into nsumption quickly without delay and that the merchants ay be permitted to sell their stocks without coupons. Govern-ent approved the sale of these stocks to the public without y restriction whatsoever so that the old stock could be eared as quickly as possible and also in view of the fact that fresh allotment for the Rabi Year was likely to be made on. This approval was communicated to all the Deputy ommissioners of Districts who took action accordingly. The atement in the article that there was an "unwritten under-anding" to allow the wholesalers to sell without restrictions therefore totally incorrect. The insinuation in the article at the merchants were permitted to sell the stocks in the ack-market is wilfully misleading. If the quality of the am itself was bad, as alleged in the article, it is obvious ere could be no buyers for the stuff in the open market much s in the black-market.

In conclusion, it may be stated that the fact that the gram as not in a very good condition was known from the outset. ll facts of the case have been placed before the Government India. The grievance as such in this particular case has n common to all the districts in the State. It is hoped that the fresh allotment of gram that may be made to the State will be of better quality.

Shifting of Arrack and Toddy Shops near Dharmambudhi Tank Bund.

With reference to the repeated suggestions from the public regarding the shifting of the arrack and toddy shops from the Dharmambudhi tank bund in Bangalore City, it is hereby notified for general information that Government are keenly alive to the necessity of shifting the arrack and toddy shops from that area as early as possible. Actually, this year's sale of the shops was effected on the distinct understanding that these shops should be shifted from that place, but there has been some delay in the construction of new sheds. Pending construction of these sheds, these shops are allowed to continue where they are, but this will be only for a very short time. Government's decision to shift these shops from the present area will be implemented in as short a time as possible.

ubject :—Crushed and uncrushed Horsegram required for use in the Government Departments during the year 1949-50.

entlemen,

No. S.P.C. 1297-346. Sealed tenders will be received by e Stores Purchase Committee for the supply of crushed and ncrushed horsegram, free from dust and other impurities for se in the Government Departments as noted below during e year 1949-50.

1. Serum Institute, Hebbal, Bangalore ... 50,000 lbs. of crushed horsegram.
2. Government Experimental Farm, Bangalore. 36,000 lbs. of crushed horsegram.
3. Government Botanic Gardens, Bangalore. 72 pallas uncrushed horsegram.

The tenders submitted in response to this enquiry will be subject to the following conditions :—

1. The stores Purchase Committee do not bind themselves to accept the lowest or any tender.

2. Tenders should be for supply of only good and cleaned grain, free from all kinds of impurities and suitable for being consumed without further cleaning.

3. The quantity specified above is only approximate. The actual quantity to be purchased will be more or less. The contract will be deemed to be limited to the quantity actually drawn on indents during the period of contract.

4. Tenderer should specify the rate per 100 lbs. and per palla net, which should include all charges for free delivery at the above offices in Bangalore. Samples of grain offered should also accompany the tenders.

5. For the due fulfilment of the contract the successful tenderer will be required to execute a stamped agreement within a week from the date of receipt of intimation that their tenders have been accepted and to deposit as security, an amount equal to 5 per cent of the value of the order, failing which the earnest money referred to in the following paragraph will be forfeited to Government and the order cancelled immediately.

6. Tenderers should remit a sum of Rs. 100 as earnest money to the District Treasury, Bangalore, with chellan form which could be had from the undersigned and the fact should be duly noted in the tender. Any tender not complying with the condition will not be considered. Earnest money will be returned to parties after the tenders are disposed of in the case of unsuccessful tenderers but in respect of successful tenderers only after the requisite security deposit is furnished.

7. The contract will run for a period of one year or six months from the date of acceptance of the tender. The contractors whose tender is accepted should be prepared to supply the material at the accepted rate and in strict conformity to the approved sample of indents from the Indenting Officers, within the time specified in the indents. All unsatisfactory supplies will be rejected.

8. No application from the contractors for any enhancement of the prices accepted by the Committee due to whatsoever causes will be entertained during the period of contract.

9. Should the contractors fail to comply with any of the conditions detailed above, the contract will forthwith be cancelled and the security deposit forfeited to Government. The contractor will further be bound to make good to Government any loss which may arise from their failure to supply the articles contracted for or by Government having to purchase the articles specified in the contract in the local market at higher rates than those contracted for.

10. The Stores Purchase Committee may, at their discretion and within the limits of the accepted rate, determine the relative price of any articles that may not, in their opinion, be found up to the standard of quality required, but accepted by the Indenting Officer on ground of urgency of other causes.

11. Should any question arise respecting the quality or the material supplied or the manner of the performance of the contract the contractors should agree to abide by the decision of the Store Purchase Committee.

12. Quotations for both crushed and uncrushed horsegram may be separately given.

13. Tenders should be sent in sealed cover superscribed "Tender for the supply of Food Grains to the Government Department" so as to reach the undersigned on or before the 27th July 1949.

Press Note.

Dated 15th July 1949.

Complaints regarding the quality of grains supplied at the ration shops in different parts of the State are often made to Government but as some time elapses by the time they are referred to the authority responsible to rectify such defects, effective action cannot always be taken. With a view to enabling speedy action being taken on such complaints, aggrieved persons may approach or present petitions to the following officers of the Food Department relating to grievances within their respective jurisdictions :—

1. The Director of Food Supplies.
2. The Deputy Commissioners of Districts.
3. The Chief Rationing Officers of Mysore and Civil Station, Bangalore.
4. The Rationing Officers of Bangalore, Mysore, Kolar Gold Fields and Davangere.
5. Amildars of Taluks.

All complaints regarding quality, etc., should mention the following particulars of :—

(i) Ration Card number of the complainant.
(ii) The name, number and address of the ration shop supplying the grain.
(iii) The date or dates and time at which the grain was supplied.
(iv) The number of the cash receipt given to the consumer by the ration shop, and
(v) The exact nature of the complaint.

Government trust that the Officers of the Food Department will bestow adequate attention to such complaints as quickly as possible and take suitable action to redress genuine grievances.

(P. N. No. 20—15-7-1949—1,901-2,000).

Press Note.

Dated 19th July 1949.

Stocks of rice and other food-grains imported into the State from outside without permits are generally confiscated to Government by Magistrates and the same are disposed by the Food Department and the sale proceeds thereof remitted to Government. In respect of confiscated stocks of "Jeerige Samba" rice, which is far superior to the ordinary fine rice, Government have directed that its sale price be fixed at 1¼ seers per rupee.

Celebration of Children's Day.

Among the various beneficent activities undertaken by the nited Nations Organization is the one relating to the omotion of the health and well-being of children. Since its ception the Organization has been insisting on the improvent of the morale of children in general and devising ways id methods to secure means both material and spiritual, hich are essential for their normal development. The work oposed to be undertaken in this behalf covers a wide range subjects such as the physical care and attention of children ving succour to those who early in life are bereft of paternal otection reclaiming the delinquent section among children id above all arresting the incidence of infantile mortality hich particularly in India is assuming serious proportions. hese are objects which are deserving of active and sympaetic consideration of all people. Children being the eatest national asset no country can afford to neglect them id no pains spared to contribute to their care, welfare and appiness. The United Nations Organization is therefore lebrating 'Children's Day' all over the country on the 30th istant and has appealed for funds for being employed for an l-round relief for them, the urgent needs of each region not ing neglected. In pursuance of this appeal Mysore also is lebrating the 'Children's Day' on the same day. It is ncerely hoped that the people of Mysore will associate emselves with this scheme in a generous measure and ontribute liberally towards the "United Nations Children's elief Fund."

2 Tenders may be submitted separately for each Range nd should specify the rate per ton delivered at Bangalore andal Koti.

3 Each tender must be accompanied by a Deposit of s. 25 for each Range in currency notes as earnest money. Without which the tender will be rejected. Cover containing the tender should be addressed to the District Forest Officer, Bangalore Sandal Koti Building, Malleswaram, Bangalore 3, duly registered, insured and superscribed "Tender for the collection and carting of Sandalwood and ground-hidden roots" collection includes uprootal, rough dressing and stocking in a place accessible for carts. The tenders will be opened by the District Forest Officer, or any other Gazetted Officer deputed by him, on 10th August 1949, at 4 P.M. in the presence of such of the tenderers as may be present.

4 The final acceptance of any tender will rest with the Chief Conservator of Forest in Mysore, Bangalore, who does not bind himself to accept the highest or any tender or to assign any reason whatsoever for rejecting the same.

5 The acceptance of any tender will be duly communicated to the successful tenderer and the earnest money of other tenderers will be returned to them.

6 The successful tenderers shall execute a bond on a proper stamped paper embodying terms enumerated below within a week of the receipt of the orders and shall deposit in Government Savings Bank a sum of Rs. 100 as earnest money for the due fulfilment of the terms of the contract. The deposit referred to here shall also include the earnest money referred to in para 4 *supra*, failing which the initial deposit will be forfeited and the contract cancelled.

Conditions

(*a*) The collection of dead sandal wood and ground-hidden roots shall be extended to all State Forests, District Forests, Amrut Mahal Kavals assessed and unassessed Government waste lands and to such of Inam, Jodi, Kayamgutta and Sarvamanya Villages, of which the holders are not entitled to the sandal wood either by sannads or judicial decrees.

(*b*) With regard to the removal of sandal wood from private holdings, only such of the trees as have been marked by the departmental subordinates shall be removed with the previous written permission of the Range Officer.

(*c*) The collections shall be confined to dead, fall and decaying sandal trees and to ground-hidden roots. On no account shall green and mature trees be uprooted. The axes should not, as far as possible, be used for uprootal and rough preparation of Sandal Wood.

(*d*) The sandalwood uprooted shall be roughly dressed in the jungle leaving a thin layer of less than half an inch of white wood and shall be carted to the Koti. Each consignment to the Koti shall be covered by a pass port by the departmental subordinates.

(*e*) The contractor shall further bind himself to collect and cart 2/3 of the contracted quantity before the end of December 1949, and the balance by the 30th June 1950.

(*f*) The successful tenderer shall see that no injury is caused to the State Forest or property situated therein in the course of his operation and in the event of any such occurring through his negligence or of his men, he shall be made liable as per departmental rules.

(*g*) Should the collection and carting of sandal wood to the Koti be found unsatisfactory, the District Forest Officer, will immediately cancel the contract and make other arrangements for working out the contracted quantity at the risk of the contractors.

(*h*) The contractor shall remove all the ascented wood from the pits, from which trees have been uprooted.

(*i*) For the breach of any or all of the above conditions, the contractor shall forfeit the earnest money referred to in para 6 *supra* and the undisbursed portion of the money, if any, due to him for collection and carting of sandal wood made till the date of default.

(*j*) Payment of charges shall be made only on net quantity acknowledged by the Koti, *i.e.*, after deducting 2 cwts. and 36 lbs. per ton towards driage in the case of rough wood as per procedure in vogue upon the production of the Koti receipt for the Sandalwood and ground-hidden roots received and weighed out in the Koti once a month.

OFFICE OF THE COMPILER, *MYSORE GAZETTE.*

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matters intended for publication in Parts I, II, III, IV, V and VI should therefore reach this office not later than *Monday Evening*, and that for Part II not later than *Tuesday Evening* for the following Thursday's issue of the Gazette. All matters received later than these days will be kept by for insertion in the following issue of the Gazette. (G. O. No. P. 988-1040—P. & S. 12-30-2, dated 26th July 1930.)

2. (i) Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its re-setting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect stating the number of copies should be made at foot of such manuscript.

(ii) Indents for less than 100 spare copies should not be sent to the Press, subject to the exceptions contained in G. O. No. G. 14330-95—P. & S. 5-19-9, dated 23rd December 1919. in regard to notices calling for tenders for the purchase of stores or for the execution of works. When a few copies only are required, they may be made available by the use of carbon sheets simultaneously with the preparation of a copy for the Gazette, as laid down in the above Government Order. (Letter No. G. 10382—P. & S. 9-37-2, dated 30th June 1938; received from the Secretary to Government, Development Department.)

(iii) When indents for an unusually large number of spare copies are sent, such instances will be brought to the notice of Government, as per letter No. G. 10382—P. & S. 99-37-2, dated 30th June 1938, received from the Secretary to Government, Development Department.

3. Matter sent for insertion in the Gazette will be published *only once* and the abstract in two issues. (G. O. No. G. 2915-6—P. &. S. 44-25-2, dated 13th September 1926).

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. As per G. O. No. E. 1892-1902—P. & S. 12-23-13, dated 8th December 1923, and G. O. No. 5139-95—P. & S. 52-30-1, dated 12th November 1930, the English or the Kanarese portion of the *Mysore Gazette*, consisting only of the five Parts, *viz.*, I, II, III Section 1, III Section 3, IV and V taken together or an entire copy of the English or Kanarese Gazette containing all the parts will be supplied only to Patels, Nad-Patels, Shanbhogs and Sheikdars within the State at *half*-rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time or that he is on leave for a period not exceeding three years. Such subscribers will please note that the Gazette cannot be had *in separate parts* at concession rates under any other conditions and that they have to pay the full subscription for the part or parts required.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such money should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than quarter sheet of foolscap will not receive attention; and no communication should be sent on Government Service by private parties.

PUBLIC ADVERTISEMENTS

OFFICE OF THE PUBLICITY OFFICER TO THE GOVERNMENT OF MYSORE, PUBLIC OFFICES, BANGALORE.

Press Note.

Dated 28th July 1949.

It has come to the notice of Government that a certain amount of dissatisfaction exist on the part of labourers of the Kolar Gold Fields, since the Wage Board constituted by Government under the Minimum Wages Act has not yet met and the workers have therefore not been able to derive any benefit so far. Government wish to state, for the information of all concerned, that the conduct of business of Wage Boards has to be regulated by Rules under the Act, that these have since been framed and are under legislative scrutiny before publication and finalization, and that the Wage Board will begin to function almost immediately thereafter. The Government are expediting the publication of the Rules.

(P. N. 33—28-7-1949—3,201-3,300)

Press Note.

Dated 29th July 1949.

The following Note dated 12th May 1949, issued by the Ministry of Rehabilitation, Government of India, New Delhi, is republished for general information:—

"It has come to notice of Government that some displaced persons have applied to the authorities concerned in more than one Province for allotment of a plot of land or house. There have been cases where the same person has been allotted a house or a plot in two different provinces or in several localities in the same province and has accepted both. Government are endeavouring to provide residential accommodation for displaced persons. It may be an evacuee house, a house constructed by or on behalf of Government or a plot on which the person will build a house with or without Government assistance. The utmost economy has to be exercised because of financial stringency and the non availability of building material. It is obvious that whatever assistance Government is able to afford should be made available on the most equitable basis among the largest number of displaced persons. If a displaced person takes two or more houses he is depriving his less fortunate brethren in equally difficult circumstances of a house.

"In the interest of displaced persons generally it is necessary that one family should take only one house or plot. Even if more are allotted by mistake the allotment should be refused. Any extra allotment which has been made by mistake should be surrendered so that some other family may benefit. If any cases of double allotment come to notice they will be liable to forfeit all claims for any rehabilitation assistance from Government. Displaced persons who give information to the authorities concerned of cases in which more than one allotment has been secured by any person will be given special consideration at the time of making new allotments.

"Displaced persons who bring fresh evacuee property to the notice of the Custodian concerned will also be entitled to first consideration in the allotment of that property."

MOTOR SPIRIT RATIONING—COUNTER—SIGNATURE OF BASIC COUPONS.

Cases are likely to arise in which basic coupons issued an duly countersigned by competent authority might have to b exchanged for petrol in neighbouring Provinces or States. Th question is whether the coupons should in addition be cour tersigned by the authority having jurisdiction in the plac where they are to be presented for encashment, in othe words, whether the countersignatures should or should no have inter-Provincial/State validity.

Though in principle, the Central Ministry of Transport i in favour of inter-Provincial/State validity, it is considere that if this principle is followed in this particular case, might give scope for forgery of signatures and such malpra tices. It would obviously be difficult for petrol vendors to b familiar with the signatures of authorities other than of t local rationing authorities.

It is, therefore, suggested to the motoring public in Myso State, that in case they want to cash their coupons outside t State, it would be necessary for them to get their coupo countersigned in addition by an authority having jurisdicti in the place in which they are to be encashed. All pet vendors are also advised through the local representatives the Oil Companies not to exchange any coupons for pet unless they bear the countersignature of the local Ration Authority.

The Chief Rationing Authority in Mysore, Bangalore, no doubt ensure that the power of countersignature is d gated to a large number of officers in the mofussil cent particularly other than district headquarters, so that motor are not inconvenienced in obtaining countersignature.

Efficiency Audit in Mysore State—Progress of Work during 1948-49.

The activities of the Efficiency Audit Branch were continued during the year 1948-49 in regard to inspections of Government offices, depots, stores and other institutions under the control of the several departments of Government and the investigation of office and other irregularities. The Branch conducted 160 such inspections during the current year against 64 during 1947-48 and 60 during 1946-47, bringing the total to 284 from the commencement of its work in about January 1947. The work in respect of 25 offices was examined on behalf of the Economy Officer to Government, for assessing the scope of retrenchment in those offices as far possible, without imparting efficiency. Under the scheme of Revenue Audit, 23 offices were audited mainly with a view to detecting leakages of revenue due to Government arising through short levy of assessment and rates, omission to book the demands due to Government in certain cases, loss of revenue due to delay in the disposal of darkhasts, etc. Cases of leakages and loss of revenue due to Government amounting to about Rs. 92,000 in all were brought to light during the inspections. The Presiding Officers of the offices concerned have been requested to take action for effecting recoveries or for fixing responsibility for the leakages or loss and the progress thereon is being watched. Necessary action has been taken with a view to issuing instructions for preventing delays and irregularities and for effecting such changes in the office procedure as would conduce to greater despatch of work.

The Branch received 91 petitions during the year, alleging office and other irregularities of various nature. Seventy of them have been dealt with by the Branch, while the remaining 21 were referred to the concerned departments. Thus the total number of petitions received by the Branch comes to 201 and that directly investigated to 139. Among the more important matters investigated or enquired into in pursuance of these petitions are cases of issue of large quantities of petrol without coupons, alleged misapplication of petrol coupons supplied for departmental use, irregular purchases and issues of materials in connection with the expenditure of Government grants, cases of alleged misappropriation of salaries payable to Government servants or falsely claimed on behalf of persons not actually employed, incurring of excessive contingent charges on the basis of false vouchers in a certain Government institutions, and instances of suspected misuse of Government materials in certain Agricultural depots. Suitable action has been taken where necessary, both for preventing the irregularities and for awarding suitable punishment to officials responsible.

Besides the inspections and investigations, proposals generally for improving the despatch of Government business in all the departments have been submitted by the Branch and are under the consideration of Government. The question of the revision and compilation of departmental and office manuals is also being pursued.

The Mysore Food (Restriction of Service of Meals by Cat ing Establishments and others) Order for 1949 prohibited preparation for sale or sale by any catering establishment any eatables known as "Idlies" or "Dosais" or eatables similar kind prepared from any rationed article.

2. The Central Food Council and the City Food Coun Mysore, resolved at their meetings held on 28th Febru 1949 and 22nd February 1949 respectively that the prepa tion of "Idlies and Dosais" in the hotels even from pu should be prohibited. The Director of Food Supplies wh supporting the above resolution pointed out that sev restaurants were preparing these eatables by mixing rice' rationed articles with pulses and the detection of the offe committed thereby was very difficult.

3. Agreeing with the above recommendations, Gove ment issued an amendment to Clause 4 of the said order Government Notification No. S.D. 10697—R. 24-48-2 dated 7th June 1949, prohibiting the preparation for sale sale by any catering establishment of any eatables known "Idlies" or "Dosais" or eatables of a similar kind whet involving the use of cereals or pulses or not and directed t the amendment be given notice of by the issue of a Pr Note explaining its provisions.

In the meantime, several representations by and on bel of catering establishments were received requesting the can lation of the Notification on the ground that it would ca serious inconvenience to the public resorting to restaura besides causing loss to hotel-keepers.

4. During the current Legislative Council Sessions adjournment motion was tabled on 20th May 1949 by M. P. Lakshminarasimha Sastry, M.L.C. with a viev urging for the cancellation of the Notification on grou almost similar to those referred to above. Opinion in house was mostly in favour of the measures taken by Gov ment. On behalf of the Government, the Home Mini stated on the floor of the House that the question would examined again and the member withdrew the adjourn motion.

5. Several representations have been received from Public stating that the step taken by Government was in right direction and that it would reduce black-market Government have again considered the PROS AND C of the measure but regret they are unable to revise t decision and withdraw the Notification, as it is conceive the best interests of the public and in view of short supp rice which is causing anxiety.

6. The measures taken by Government prohibiting preparation by Catering Establishments of "Idlies" "Dosais" whether involving the use of cereals or pulse not, is hereby given due notice of and, it is hoped that it meet with Public approval.

EXPORTS OF VANASPATI TO PAKISTAN.

The Government of India have recently announced in a Press Note the policy of allowing exports from India to Pakistan of cert ain items without licensing restrictions. It has now been decided to allow vanaspati freely for export to Pakistan without any licensing formalities for a limited period.

It is not desired to set any definite time limit for allowing free exports of vanaspati to Pakistan but when the quota for Pakistan nears completion an announcement will be made indicating the last date of free exports. As has been stated in connection with other items, the period of such notice, will not be less than a fortnight.

The general warning that intending exporters should take particular note, in their own interest, to confine their commitments to what they can hope to move within a reasonably short period of time, and not make any long term commitments holds good in the present case also. For this purpose, the period of free exports of vanaspathi to East Pakistan and West Pakistan will commence from August 15, 1949.

UNAUTHORISED RECRUITING AGENCIES.

It has come to the notice of the Directorate of Resettlement and Employment, Bangalore, that certain fee-charging agencies seem to be busy in Bangalore of late canvassing for workers. Such fee-charging agencies are not to be encouraged, especially when there is a local employment exchange which is an institution solely devoted to render voluntary and free service both to the employers and employment-seekers. Further, the encouragement of such agencies is opposed to international public opinion and there is the possibility of ignorant employment-seekers being exploited by designing agents.

The Directorate appeals to all employment-seekers and employers to seek the assistance of the exchange direct and not resort to any other unauthorised recruiting agencies.

ACTION AGAINST UNREASONABLE HOARDING AND PROFITEERING.

Instances of articles being sold for prices, or at rates, which are deemed "unreasonable" within the meaning of Section 6 of the Hoarding and Profiteering Prevention Act of 1948, have come to the notice of Government.

Section 6 of the H.P.P. Act of 1948 reads as follows:—

"6. (1) Where no maximum has been fixed by notification under clause (c) of sub-section (i) of Section 3, no dealer or producer shall sell or offer for sale or otherwise dispose of an article for a consideration which is unreasonable.

(2) For the purposes of this section a consideration is unreasonable, if, whether it is exclusively in money or not—

(a) the purchaser is, as a condition of sale, required to purchase at the same time any other article;

(b) where the sale is by a dealer, the consideration exceeds the amount represented by the addition allowed by the normal trade practice in force on the 31st day of August 1939 to—

(i) the landed cost of the article increased by any charges for freight and octroi or other duties incurred during transit between the importer's godown at the port of landing and the place of delivery to the consignee in Mysore, or

(ii) the price at which the producer sold the article in the case of an article which is not imported;

(c) where the sale is by a producer, the consideration exceeds the amount represented by the addition allowed by the normal trade practice in force on the 31st day of August 1939 to the cost of production of the article, such cost of production being deemed to be exclusive of the amount, if any, by which the price paid by the producer for any component part of the article exceeded (i) the maximum price fixed for the component part under section 3 and in force at the time of its purchase by the producer, or (ii) where no maximum price has been so fixed for the component part, the amount represented by the addition allowed by the normal trade practice in force on the 31st day of August 1939 to the cost of production of the component part;

Provided that, where the addition allowed by such normal trade practice exceeds or is alleged to exceed 20 per cent, dealer or producer, as the case may be, shall report the fact to the Controller who may either sanction such addition or for reasons to be recorded in writing, order its variation, and the dealer or producer, as the case may be, shall be deemed to sell for a consideration which is unreasonable if such report has not been made or if after such report has been made and the Controller has varied such addition, the price charged exceeds the limits approved by the Controller under this proviso.

(3) The Controller may make or cause to be made a certificate stating the landed cost of any imported article dealt in by a dealer, and shall, on request made by any dealer, grant or cause to be granted to that dealer a certificate stating the landed cost of any such imported article.

(4) Where a dealer or producer disposes of an article by having it sold by auction on his behalf, the auctioneer as well as the dealer or producer shall be liable to the penalty provided by sub-section (1) of Section 14 if in any such sale there is a contravention of sub-section (1).

(5) Where any article is sold, offered for sale or otherwise disposed of in contravention of sub-section (1) by a dealer or producer through any person employed by him or acting on his behalf, such person and also, unless they prove that they exercised due diligence to prevent such contravention, the dealer or producer, as the case may be, and any person having charge on behalf of the dealer or producer of the place where the contravention occurred, shall be liable to the punishment provided by sub-section (1) of Section 14 whether or not they were present when the contravention occurred.

The public are hereby informed that sales in contravention of the provision of Section 6 of Hoarding and Profiteering Prevention Act, constitute an offence, punishable with imprisonment which may extend to 5 years, or with fine or with both.

STATE EMBLEM AND SEAL-MOTTO.

In a recent Press Note, the Government of India announced that they had selected the motto "Satyameva Jayate" for the State Emblem and Seal. Since then objections have been raised as to the correctness of the last word "Jayate" and it has been pointed out that the correct grammatical form is "Jayati". This is true in so far as grammar and classical Sanskrit are concerned. But, the motto has been taken from a famous verse in the Mundaka Upanishad and it is the recognised practice to maintain the language in the ancient texts irrespective of the rules of strict grammar adopted at a subsequent date. After reference to eminent scholars in Sanskrit, the Government of India are satisfied that "Jayate" is the correct form used in all older editions and reliable manuscripts of Mundaka Upanishad. There is other collateral evidence also to show that "Jayate" is the correct Upanishad form. Hence, the motto chosen for India has been correctly spelt "Jayate".

As the motto is included in the State Emblem, it should not be used privately. It can only appear below the crest where the crest itself is permitted to be used.

Press Note.

Dated 9th August 1949.

Government are receiving frequent applications for the grant licenses for the construction of cinema theatres in different arts of the State, even though there is a shortage of building aterials such as iron, timber, cement, etc., which are rgently required for more essential purposes such as construction of dwelling houses. The increase of the population the one hand and the shortage of materials on the other ave rendered it very necessary that a limitation should be ut on the construction of cinema theatres in the State. To ase the situation, Government have decided not to grant censes for the construction of any cinema houses for a period of three years from 1st August 1949. Government desire to make it clear that no applications for the grant of license to construct cinema theatre will be entertained during the period fixed.

OFFICE OF THE SECRETARY, GOPALA RAO ENQUIRY COMMITTEE, OLD RESIDENCY, BANGALORE.

Notice dated 5th August 1949.

No. 164. It is hereby published for the information of the public that a valuable set of library books numbering over 900 containing Encyclopædias and other books on various subjects will be sold by public auction, by the Secretary, Gopala Rao Enquiry Committee, on Monday the 22nd August 1949 at 11 A.M. in the Residency Office Buildings.

2. The books are contained in seven valuable rose and teakwood cases.

3. The books are open for inspection in the Residency Offices during office hours on working days. The sale will be by public auction and the highest bidder will be declared to be the purchaser of the property. But it shall be in the discretion and option of the sale conducting officer to decline or to accept any bid if it appears to him that the price offered is inadequate or for any other reason. Each bid shall be final and binding on the bidder once it has been offered irrespective of other bids and the bidder will not be allowed to withdraw or alter his bid after it has been offered. In the event of any dispute regarding the bids or the bidders, fresh offers may be called for or the sale continued from the last accepted bid. As soon as the bid is offered the bidder may be called upon to forthwith deposit 25 per cent of the amount of the bid, if required before the bid is accepted.

4. The person declared to be the successful bidder should forthwith deposit with the sale conducting officer not less than 25 per cent of the sale price on the spot and the balance within eight days from the date of sale. In case of default the defaulting bidder will be liable to make good the

deficiency if any at the resale and will also be liable for the loss and damage sustained thereby. But he will not be entitled to the benefit of any higher price which may be realised at the resale. The deposit made by the successful bidder is liable to be forfeited in the event of his failure to pay the balance and the sale price within the stipulated time.

5. The sale is subject to confirmation by the Gopala Rao Enquiry Committee who do not bind themselves to accept the final bid. They may reject the same without assigning any reason or dispose of the property in any manner they deem fit. The successful bidder whose bid is accepted by the Committee should pay the full amount of the property and take possession of the same within eight days from the date of confirmation of sale.

6. In all matters of dispute, etc., the decision of the Gopala Rao Enquiry Committee, Bangalore, shall be final and this is the express condition of the sale.

THE MYSORE IRON AND STEEL WORKS, BHADRAVATI

TENDER NOTICE.

Sealed Tenders duly signed by the contractors, will be received at the office of the Secretary, Board of Management, Mysore Iron and Steel Works, up to 4 P. M. on Thursday the 30th August 1949 for the following works :—

	Earnest amount. Rs.
1. 20 double "K" type cottages with R.C.C. roof ..	5,000
2. 15 double Workmen's blocks at Hutha Colony ..	4,000
For part tender of any of the above two types ..	2,500 each

The tender must be enclosed in double envelopes, the inner envelope being sealed and superscribed "Tender for the construction of 20 Double "K" type cottages or 15 Double Workmen's Blocks or Part tender for "K" or Double Workmen's blocks" as the case may be.

2. The total estimated cost of the buildings will be about Rs. 2·4 lakhs.

3. The tenders will be opened immediately after 4 P.M. on the date noted above in the presence of such of the tenderers as may be present then at that place.

4. The plans can be seen at the Office of the Secretary, Board of Management, during working hours.

5. Abstract specification of the tender are noted in the schedule enclosed.

6. The estimate of quantities is approximate and cannot be guaranteed. The quantities will be increased or decreased according to the requirements of the Works.

7. The work should be completed strictly within eight months from the date of award of contract.

8. Tenders should be submitted only on the copies of Tender Forms which can be had from the undersigned on payment of Rs. 10 for each Tender, which will not be refunded. Separate tenders may be sent up for each work.

9. Tenders must be quoted on rate basis only. Tenders without specific rates quoted will be rejected.

10. Quotations must be given both in words and in figures and they must be per specific terms of units shown against each item of work. Over-writings and corrections shall be avoided.

Tenderers may quote either for the entire set of buildings or for part of the above buildings.

11. Each tender shall be accompanied by a receipt for a deposit as stated above in cash or Government Promissory Notes as earnest money, which should be paid to the Chief Accountant, The Mysore Iron and Steel Works, Bhadravati. Cheques will not be accepted. On no account will any adjustment be made towards earnest money from the amounts, if any, at the credit of the contractor at the Works.

12. The final acceptance of the tender will rest with the Secretary to Board who does not bind himself to accept the lowest or any tender or to assign any reason whatsoever for the rejection of any tender. The Secretary to Board reserves the right of splitting the tender among one or more tenderers, if he considers it expedient to do so.

13. Within eight days of the acceptance of the tender, the successful tenderer shall deposit in the Works a sum equal to the earnest amount agreeing to a deduction of 5 per cent out of his bills for work done to make up the balance of security deposit at 5 per cent of the value of work entrusted which would be returnable only at the time of the final settlement of claims, and execute an agreement on proper stamp paper in favour of the Works, in default of which, his tender will be cancelled and and his earnest money forfeited to the Works. No contract binding the Works shall be considered to have been made until a proper agreement is executed in favour of the Works by the contractor as stated above.

14. The name of the successful tenderer will be posted on the Works' Notice Board. No enquiry regarding the acceptance or rejection of a tender will receive any reply.

15. On acceptance of the tenders, the earnest money of rejected tenders will be returned.

16. Rates once tendered will not be enhanced on any account.

General Conditions of the Contract.

17. The contract shall not be sublet.

18. The contractor or his agent shall be at the works spot and work as per instructions of the Officer-in-charge.

19. Rates for non-tendered and non-estimated items shall be fixed by the Secretary to Board after scrutiny of available data and fixing not more than 10 per cent for contractor's profit.

20. Bills will be generally prepared and paid once a fortnight. No advance of any kind will be paid.

21. If the contractor fails to abide by the terms of the contract at any time during the currency thereof, or if the Secretary to Board has any reason to believe that the contractor's work is not satisfactory and that the interests of the Works are thereby affected in any way, the Secretary to Board may levy fine or arrange for the work being done through any other agency, in which case the contractor shall forfeit the security deposit and shall make good to the Works any loss by way of extra cost, etc., which arises therefrom.

22. In all matters not specifically provided for and in all matters of dispute about rates, quantities, measurements, quality of work, etc., and in all disputes of any kind, the decision of the Secretary to Board shall be final and legally binding.

23. The contract may be cancelled at any time by the Secretary to Board, if conditions require it, giving a notice of two weeks to the contractor and the Works shall not be liable for any damage on that account to the contractor.

24. A penalty of ¼ per cent of the total value of the work will be levied for every week's delay in case of failure to complete the work within the time specified in clause 7.

Special Conditions.

The Contrator shall be liable to pay all royalties chargeable on Government materials required for work.

2. All work done, and all materials used by the Contractor shall be of quality approved by the Secretary to Board or any Officer duly deputed by him to supervise the work.

3. The Contractor shall be liable to make good all damages caused by him or workers under him to the Works or other property during the execution of work.

4. The Contractor shall level the site and the place of the work and remove all his materials within a fortnight after completion of the work, failing which the Secretary to Board or any officer duly deputed by him may get this done by other agency and the Contractor shall be liable to pay the expenses incurred.

5. The Contractor shall provide all requisites, plant and thoroughly intelligent agency for the execution of the work, failing which the Secretary to Board or any officer duly deputed by him may supply such machinery or agency as he may consider desirable at the cost of the Contractor. The Contractor shall remove such machinery and agency as the Secretary to Board or any officer duly deputed by him may object to.

6. The Contrator shall furnish free of charge all labour and tools required for such examination as the Secretary to Board or any officer duly deputed by him at any time may consider it desirable, failing which the Secretary to Board or any officer duly deputed by him may have this done at the Contractor's cost.

7. The Secretary to Board or any officer duly deputed by him to supervise the work shall have power, at the cost of the Contractor, to remove, complete or replace any work or material which is not in accordance with the specifications.

8. On the completion of the work, the Contractor or his authorised representative shall attend and help the Secretary to Board or the officer duly deputed by him to take final measurements and sign the final bill within one month, failing which the measurements taken by the Secretary to Board or any officer duly deputed by him shall be considered final and payment made accordingly and the Contractor shall have no further claims against the work.

9. The concrete shall be laid in day-light hours.

9 (*a*) Water supply for the construction will be given by the Works free of charge; but the Contractor will be responsible for the safety of the temporary pipe line and fittings.

10. The Contractor shall furnish his address to which all communications having reference to this agreement may be addressed. The Works will not be responsible for non-delivery of letters posted to the address given by the Contractor.

11. "Chamundi" Brand Cement shall be used.

12. The Contractor shall agree to the recovery of all his dues to the Works against this contract primarily from his work bills, relating to this contract—apart from other legal courses open to the Works to recover the same.

13. Cement and mild steel sections required for this work and countersigned by the Civil Engineer, will be sold by the Works to the Contractor at the prevailing rates.

14. Other stores materials and materials under Iron and St Control, if available at the Central Stores, will be issued at rates prevailing at the time of issue, with the usual 7½ per c supervision charges, for the *bona fide* use of the Works.

15. Departmental doors and windows to the extent availa will be issued as also doors and windows obtained from Hindustan Aircraft, Limited, for interior of the buildings.

16. If size stones other than those from Birur area are us a reduction of 5 per cent in the tender rate for size-stone co struction will be made.

17. The type of building is subject to modification as p requirements.

BHADRAVATI,
6th August 1949.

M. CHINNASWAMY,
Secretary,
Board of Management.

Claim against Les Fils de Maurices Daclos, 8 Place Vendome Paris.

Attention is invited to Article 5 of the Debt Settlement Agreement concluded with France, which reads as follows :—

"ARTICLE 5 COMMERCIAL DEBTS, INTERESTS AND OTHER MONEYS OF A LIKE NATURE DUE UNDER CONTRACTS.

(*a*) Commercial debts, interests and other moneys of a like nature actually held by the Custodian of Enemy Property for the Dominion of India (hereinafter referred to as "the Custodian") and due to French persons shall be transferred to the French Government with a view to the satisfaction of the claims of the creditors. In the case of obligations expressed in France, the payment shall be made in francs at the rate of exchange current at the date when the transfer is made.

(*b*) Commercial debts, interests and other moneys of a like, nature due to Indian persons shall be settled direct between the French persons who are debtors and their creditors in the Dominion of India, provided that where any amount on account of debts, interests and other moneys of a like nature due to Indian persons had been deposited by the French persons who are debtors with French Office des Changes or any other similar organisation, the amount so deposited will be transferred by the French Government to the Government of India in the currency in which the debts were expressed with a view to their satisfaction in part or whole as the case may be.

(*c*) The Government of the French Republic recognises that French persons who are debtors to Indian persons in respect of moneys of the kinds dealt with in this Article remain liable to their creditors until the debts are fully discharged in accordance with the terms of the appropriate contracts. In this connection the French Government will assist Indian persons who are creditors to trace and identify their debtors and facilitate the enforcement of the claims of the creditors against the original debtors, their heirs and successors".

Accordingly, all Indian claims against persons and firms resident in France have to be settled by direct negotiations between the parties concerned. They should, therefore, first take up the question of the settlement of their claim direct with their debtors in France, In case they fail to get satisfaction in this manner the matter may be referred to the Government of India, Ministry of Commerce, New Delhi, with full facts of the case together with the copies of all correspondence passed between their French debtors and themselves under advice to the office of the Custodian of Enemy Property, Caltex House, Ballard Road, Bombay.

SUPPLY OF KEROSENE OIL.

A few representations have been made that the quantity of kerosene oil now supplied to several districts in the State is not adequate. On enquiry, all the Deputy Commissioners of Districts except Shimoga District have reported that supplies of kerosene in their Districts are quite adequate and that there are no complaints from the public regarding distribution. The supply has exceeded the demand in many districts, notably in Kolar and Bangalore Districts.

In view of the short supplies in Shimoga District, all the three importing oil companies were requested to enhance the allotments to Shimoga District. Consequently, Burmah Shell Oil Co., have increased their quota to Shimoga District by nearly 30 per cent during the month of June 1949. Thus the total quantity supplied to Shimoga District during Jun was 22,328 gallons as against 18,936 gallons during Ma 1949. The Deputy Commissioner, Shimoga, has sinc reported that Burmah Shell Oil Company allotted a additional quota of 2,000 tins of kerosene for July 1949 Further arrangements have also been made for supply of o from the enhanced supplies in Bangalore District to Publi Works Department, Industrial Concerns and Electrical Work at Jog to enable equitable distribution of the availabl supplies to the public at Shimoga. The supply position ha now considerably improved in Shimoga District.

In addition, the new importing Oil Companies, *viz.*, Con tinental Oil Co., Madras and Cities Service Oil Co., Ltd Delhi, have been requested to start their supplies primarily i Shimoga and Chickmagalur Districts immediately.

The Deputy Commissioners have also been requested t arrange distribution of kerosene oil through the newl started circle Multipurpose Societies on a proper and planne basis. It is hoped that these arrangements will afford grea relief and facilitate proper and fair distribution of kerosene o to the public.

INCREMENTS AND LEAVE WITH PAY TO TEMPORARY RAILWAY STAFF.

As a result of complaints that in certain departments o the Mysore State Railway, increments are not being grante to temporary employees though they have put in two to thre years of service, the General Manager, Mysore State Railwa has circularised all the heads of departments and othe officers who are competent to sanction increments, tha withholding of increments which are normally due, is no only repugnant to accepted principles of service but als highly improper giving cause, as it does, to legitimat grievances and avoidable complaints. All increments dr to staff, including those who are temporary, who have earne the increment after completing the period of qualifyin service under the rules of the Mysore Service Regulations an other rules which may be in force from time to time, shall b sanctioned by the authority competent to do so with th greatest promptitude.

It may be noted that temporary employees in graded scal are also eligible for increments under Rules and this shoul be adhered to.

These directions do not, however, apply to cases o increments postponed as a mark of punishment under appro val of the competent authority.

It has also been circularised that the staff who are still o a temporary footing should not be refused leave with pay tha is due to them when admissible under the Rules in force subject of course to the exigencies of service.

INFORMATION REGARDING LAND CLAIMANTS IN EAST PUNJAB.

It has come to the notice of the Government of India that some displaced persons from West Punjab living in Mysore State have land claims in East Punjab. In order to assist them to secure allotment of land in East Punjab, it is hereby notified that such displaced persons should immediately apply to the Assistant Registrar (Rehabilitation), Wavell Canteen, Delhi, along with documentary proof, if any, to show that they held land in West Punjab. These applications will then be forwarded to the East Punjab Government for allotment of land after necessary scrutiny.

Development of Agriculture in Mysore.

Dated 18th August 1949.

The 17th meeting of the Committee for Agriculture of the ysore Economic Conference was held on the 9th August 1949. *ajasevasakta* Sri A. K. Yegnanarayana Ayyar, M.A., N.D.D., hairman of the Committee presided.

Besides reviewing the progress of work in the various Post-ar Schemes in the Agricultural and allied Departments, the ommittee considered certain "Short Term Measures" for tepping up food production in Mysore.

The Committee resolved to recommend to Government—

(i) to take up large blocks of Government land for cultivation under Government Agency;

(ii) to bring under cultivation all cultivable 'fallow lands' epsecially wet lands under tanks and channels; and

(iii) for this purpose to give the assistance of military and also of prisoners in Jails in Agricultural operations in view of paucity of agricultural labour in the State; and

(iv) to accord permission to import agricultural labour from neighbouring Provinces, if necessary, and utilising to the best advantage the tractor service in the State.

The Committee also considered the feasibility of introducing legislation to compel raiyats not to allow agricultural lands to remain fallow and to pay more attention to the intensive cultivation of food crops by making available to them their requirements of seeds, manure, agricultural implements. etc. The Committee was not in favour of introducing compulsion over such a wide field, but in view of the urgency, resolved to resort to compulsion only in respect of bringing fallow land into cultivation and that too temporarily for a period of three years.

The Committee resolved to recommend to Government to nominate two members of this Committee to serve on the All-India Malnad Development Committee.

Dated 18th August 1949.

The Government of India have observed that restrictions ave been imposed at present by certain Provinces on the ovement of buscuits outside those provinces while in other rovinces there are no such restrictions. This anamolous osition is working to the disadvantage of the biscuit anufacturers where restrictions are in force. Further, there re no restrictions on the movement of imported biscuits to ny part of India from the port of Importation. The allocaion of flour to the biscuit industry is made by the Central overnment with a view to biscuits manufactured in one egion being made available to other regions of the Country s far as possible, especially in view of the present shortage f food products. In the circumstances and as desired by the overnment of India, the Government of Mysore have xempted 'biscuits' from the operation of the Foodgrains Export Control Order, 1948 and allowed free export of the ame.

Press Note.

Dated 16th August 1949.

There have been some alarming reports in the press about the destruction of wheat crops in Chitaldrug District. In order to clear misapprehensions in the minds of the public, the following facts are given for general information.

It is no doubt true that the destruction of the standing wheat crop in this district had to be ordered. Action was taken under the notification issued on 4th November 1948, at the instance of the Government of India, and which has already received wide publicity. The Assistant Mycologist from the Government of India toured in the three districts of Chitaldrug, Hassan and Chikmagalur during the the third week of last month and has reported that the wheat being grown in some of the villages was in contravention of this Government Notification. A particular type of disease called wheat rust has affected these crops and unless the crop is destroyed immediately, there is imminent danger of the disease spreading to other parts of India, thus destroying wheat crops elsewhere. As this crop was raised in contravention of the Notification dated 4th November 1948, it had to be destroyed; and as already stated earlier, this was in pursuance of the instructions of the Government of India in the matter and in order to check the spread of the disease to other parts of the country. The Plant Protection Adviser to the Government of India has also been kept informed of the position.

Felling of Trees and Preparation of Cowdung Cakes.

It is a well-known fact that the country is deficit in the production of food grains. Among many other causes, want of application of manure to increase the fertility of the soil has to a great extent reduced the yield of food grains in every acre of cultivated land. The deficit of the quantity of manure required can be made to a considerable extent if only the villagers make up their mind not to fell for fuel purposes Honge and other manure trees which are useful for green manure. Even the cowdung should be used for the same purpose instead of using it for the preparation of cowdung cakes for fuel.

Government therefore make an earnest appeal to the public in general to preserve the Honge trees and cowdung solely for manure purpose

Health of Livestock for the month of July 1949.

In their order of severity, outbreaks of Black-quarter, Hæmorrhagic septicæmia, Anthrax, Foot and Mouth, Sheep-pox, Contagious caprine, Pleuro-pneumonia and other diseases were encountered in the State, while it remained conspicuously free from Rinderpest during July 1949. Altogether, 453 villages were reported to have been affected by one or the other of the above contagious and infectious diseases as against 483 villages during the previous month. The number of outbreaks were highest in Shimoga and Kolar Districts, while Hassan and Chikmagalur Districts were least affected. The diseases accounted for 1,785 attacks and 1,213 deaths, as against 1,556 attacks and 1,372 deaths during the previous month.

The Departmental Staff undertook 39,168 preventive inoculations and vaccinations against all the above diseases excepting Foot and Mouth disease as against 37,752 inoculations and vaccinations during the previous month. In the absence of a reliable method of Vaccinatory intervention, other prophylactic measures were adopted against Foot and Mouth disease.

The prevalence of disease conditions attributable to helminthic infestations was reported from 153 villages by far the largest number of which belonged to Ramanagaram Taluk accounted for 39 deaths as against 198 villages affected and 49 deaths during the previous month. The special staff attached to the Parasitic disease control and the Sheep Breeders' Associations of this Department dosed 11,543 animals against Parasitic affections as against 13,409 animals during the previous month.

The rest of the Livestock remained free from diseases during the month and fodder and water were generally available throughout the State.

Press Note.

Dated 31st August 1949.

With a view to encouraging Harijans to take a large shar in the Industrial development of the country, the Government of India have set apart a special quota of iron and steel for distribution to Harijan Co-operative Societies or such of those Harijans, as are engaged in small scale fabrication of Iron and Steel both for Agricultural and non-agricultural purposes. It is felt that there is very poor response from Harijans, for whose benefit a special quota of steel has been earmarked.

It is therefore requested that such of those Harijans, as are engaged in small scale fabrication of steel, may form Co-operative Societies or similar bodies and thus become eligible to take advantage of the Central Government's offer of a regular quota of steel. After forming such Co-operative Societies or similar bodies, they may send in their application to the Iron and Steel Controller for Mysore, Bhadravati, giving out the detailed information regarding the machinery used, the number of workers, articles fabricated and the minimum quantity of steel required per quarter. The Iron and Steel Controller for Mysore, Bhadravati, will then consolidate the applications received from the Harijan Co-operative Societies or similar bodies and forward the same to the Central Government for getting allotment of steel to the State from out of the special quota earmarked for the purpose.

It is hoped that Harijans, engaged in small-scale manufacture of steel, will take the best advantage of the offer and make the scheme, envisaged by the Central Government, a success.

Press Note.

The attention of Government has been drawn to certain statements alleged to have been made by some of the speakers at the Labour Conference held in Bangalore last week-end.

It is complained that minimum wages have not yet been fixed in Mysore. The public must be aware that the Minimum Wages Act was recently passed and Rules under the Act were framed and published only last week. A Minimum Wages Board for the Kolar Gold Fields area has been appointed and was awaiting the publication of the rules to begin its work. Separate Boards will be constituted for each industry and area. The matter is being attended to with expedition and there is no point in complaining as if the Government were idling.

It is asked "how can a man live on Rs. 15 or 20 a month?" The lowest paid servant in any Government Department or Concern gets Rs. 27 a month. There are only a few of them,—sweepers and scavengers among whom more than one in each family work. Most among even the menial establishments get more than Rs. 30 a month. Among industrial labourers the average basic pay is about 14 annas a day which, together with the D. A. which varies from Rs. 8 to Rs. 30 a month, aggregates Rs. 30 and more per month. It is misleading to state that any employee is asked to live on Rs. 15 per month only.

Agricultural labourers are much worse off than industrial labourers and there is a trek towards towns and cities which, besides showing that conditions of industrial labour are more attractive-such as they are-is affecting prejudicially the output of agricultural Produce. Government feel that there must be parity between agricultural labour and industrial labour, having due regard to the different environments in which each works; and that the conditions of industrial labour is improving from day to day.

To say that workers will no longer tolerate, that the conditions are such as will cause shame and surprise and the like are calculated to incite the workers. It is reported that Shri Asoka Mehta stated that "while Governments are deceiving the workers, how can the workers have any mind to work?" If the report is true, it is an extravagant statement far from truth and a direct incitement to the workers.

Finally, civil liberties are alleged to have been violated. Government are definitely of opinion that while individual liberty is valuable and Government are willing and anxious to protect it, the security of the State and the maintenance of law and order with a view to the preservation of peace and tranquillity is as valuable, if not even more so; and whenever any individual threatens the latter he has to be prevented from doing so. Civil liberties are not only protected but those who endanger and violate them are prevented from doing so.

Labourers have their best friends in the Government who are doing and will do all they can to help them to improve their conditions of life and work. Government have secured a number of legislative enactments passed within the last few years calculated to improve the conditions of labour. Apart from the Labour Act and the Factories Act, they have got the Payment of Wages Act, the Holidays with Pay Act, the Canteens Act, the Shops and Establishments Act, the Employees' Insurance Act, the Children's Act, the Minimum Wages Act and the Labour Housing Act, all of which being expeditiously enforced.

The Labour Act was found to be capable of improvem and Government had a bill ready. It has been postpone the suggestion of the Dominion Government with a view bring about uniformity of law throughout India.

A number of administrative measures have been taken hand. Labour Investigators and Labour Welfare Officers appointed in every place to watch over and protect interests of the workers. An independent Labour Secreta has been constituted with a full complement of officers attend to the welfare of labour. An Employment Excha has been established which is finding jobs for the unemplo and is increasingly becoming useful. A grant of Rs. 10 la has been made for Labour Housing and the City Improvm Trust Board, Bangalore, is building houses on appro patterns for labourers in the Industrial area. The work be carried on all over the State. A Special Officer is be appointed to enquire into and report upon the conditions women workers in the State. Inspectorates are bei increased and officers appointed to enforce all the rules a regulations for the benefit of workers. Assistant Commission of Labour are in charge of various divisions and are daily contract with workers suggesting to them and to t Employers as also to the Government what is desirable each to do with a view to improving the conditions of life a work of labourers all over the State.

The State is abreast of the latest movements in labo advancement and welfare and is enforcing all the conventio and recommendations of the International Labour Organiz tion ratified and accepted by the Dominion Government.

It is needless for Government to point out that the misleading statements made at the Labour Conference are, to say t least, unfounded and calculated to harm the cause of t workers in the State.
